1. Extension Installation Guide

- Go to My downloadable products. The file that you download normally is a zip file.
- Use FTP client (such as Filezilla, WinSCP, cuteFtp) to upload or copy all folders in the zip package to your Magento site root folder. This will not overwrite any existing files, just add new files to the folder structure.
- Open Command line in folder root of Magento and run following command respectively:
 - `php bin/magento setup:upgrade`
 - `php bin/magento setup:static-content:deploy`
 - `php bin/magento indexer:reindex`
 - `php bin/magento cache:flush`
- Navigate to Stores/Configuration, if you can see the extension tab, it is installed properly.
- If you need professional help regarding [Magento Extension Installation](#), Feel free to contact us any time.

2. Configuration

Once you have successfully installed the extension, go to **Stores → Configuration → Sales → Payment Methods → HDFC Payment Gateway** to configure the extension for use. Here you can find various settings for HDFC Payment Gateway payment method to configure the extension for use.

and Production Dual Varification Gateway Url :- Url can be provided by the HDFC Payment Gateway.

3. HDFC Payment Gateway in Frontend

Once you have successfully configured HDFC Payment Gateway, you can see it enabled in frontend.

The screenshot shows the LUMA checkout process. At the top left is the LUMA logo. A progress bar indicates two steps: 'Shipping' (completed, marked with a checkmark) and 'Review & Payments' (active, marked with a checkmark). A callout box points to the 'Review & Payments' step, stating 'HDFC payment method in frontend'. Below the progress bar, the 'Payment' section is visible. The 'HDFC' payment method is selected and highlighted with an orange box. Below this, there is a checkbox labeled 'My billing and shipping address are the same' which is checked. A 'Place Order' button is located at the bottom right of the page.

- Once you place order, it will redirect you to HDFC Payment Gateway where you are asked to enter payment details. Click next to go further.

5. Deactivation of Extension in Case of Emergency

- Go to `app` → `etc` → `config.php` and find 'Magecomp_Hdfc' => 1, and replace 1 with 0.
- If something goes wrong, please contact us at <https://www.magecomp.com/helpdesk> or send us an email at helpdesk@magecomp.com

6. FAQs:

- **What if I get “Access denied” error after installation of the extension?**
 Whenever you get Access denied error while clicking on the extension tab after installation, log out admin panel and re-login.

Thank You!
